About Rapid Response

First Aid Courses QLD is **Rapid Response** First Aid, a certified first aid training business based at Buderim on the Sunshine Coast, Queensland. The business was created by Judy Bartlett, a Registered Nurse, who identified a need in the market for professional first aid training for small groups and organisations. Judy's background in nursing brings practical experience to the training programs.

Totally set up with a hospital bed, hoists, slip sheets, transfer boards and more, Rapid Response offers accredited and non accredited Manual Handling specific to Aged Care and the nursing industry. Infection Control / Safe Practices and PEG and Home Enteral feeding workshops are also offered in addition to all First Aid training courses.

Please contact us for any specialised courses and consultation regarding specific medications and care plans for special needs, i.e. Midazolam in emergency care for seizures, cortisone and diabetes/asthma medications and education.
