

HLTAID005 - Provide First Aid in Remote situations

Information about the course:

- ❖ This unit of competency deals with the skills and knowledge required to provide first aid response and emergency life support to a casualty in a remote and/or isolated situation.
- ❖ The unit applies to workers who may be required to prepare for and provide a first aid response in locations beyond the reach of timely medical assistance

Target audience:

- ❖ This unit applies to workers who may be required to prepare for and provide a first aid response in locations beyond the reach of timely medical assistance.

Award issued:

Students who successfully complete this nationally recognised training will be awarded the statement of attainment for:

- HLTAID005 Provide first aid in remote situations

Initial Course duration:

- **Mixed Mode:** Completion of pre-course study **plus** 6.5 hours practical training
- **Face to Face:** 10 hours face to face training

Refresher Course duration:

- **Mixed Mode:** Completion pre-course study **plus** 5.5 hours practical training
- **Face to Face:** 10 hours face to face training

Important information regarding course durations:

Course durations, as mentioned above, are reflective of group sizes of between 4 and 15 participants. If there are less students in a group, you may find course duration reduced by a maximum of 10%. If a class size exceeds 15 participants it may therefore also be necessary to increase course duration depending on the number of participants.
